IRIS GERMANICA

THE FLEUR DE LIS OF FRANCE

PRICE LIST

FALL 1922 and SPRING 1923

The Prices for single plants quoted in this list are the same as previous seasons, as one cannot supply real, first-class plants at a less price if you want to get paid for your time and trouble in making out small orders. Prices by the ten and 100 are considerably reduced from prices quoted 1921.

You will not find the latest novelties in this list. Past experience has taught me that a good many of the new iris are tender, and as a good many growers send small inferior plants at high prices, which are not worth the money. I will wait another year until I can offer some of the best and latest novelties.

Henry C. Eckert

Belleville, Ill.

Prices quoted are for extra strong plants; 5 per rate of 10; single plants postage prepaid. Terms cash.

	Each	Ten	100
